

The Young Womens 3 T's

by Kim Allphin

YW love a comfy tee and we pray that each girl will grow to be comfy in these 3. Our goal is to offer opportunities for the YW to build their Testimonies, teach them the skills they need to Transition into adulthood, and finally to prepare and direct them towards the Temple.

TESTIMONY:

Each YW gathering should provide opportunities for them to feel the spirit. The Prophet asks the General YW President, "What are you doing to help them to **HOLD ON?**" Strengthen their testimony by teaching the advantages of **PREPENTANCE**. General YM President taught this concept of Prepentance by learning to... **AVOID** the need to repent **BY PREPARING** to **CHOOSE THE RIGHT** now.

TRANSITION:

Teach them the leadership skills they will need as an adult to serve in the church. Teach them the 'people skills' they need for adulthood. Well-rounded activities, getting along with girls who are different from them by seeking the good in others. Encourage the temporal skills they will need to be well educated, a homemaker, a mother & wife.

TEMPLE:

Direct the YW towards temple attendance and marriage. Prepare them by stressing the need to 'Always be Temple Recommend Ready'. They can prepare to attend the temple today for baptisms and always look toward taking out their own endowments later by being worthy now.
